

Please leave the Telephone Privacy Law for Indiana alone. Since I have signed up on the no-call list, I can fix dinner, do homework with my son, and have quality time with the entire family. Before I signed on the list, I would get calls, at least 3 a night, hassling me about something I "need to purchase" or "free trial." Again, I ask, please leave the Indiana Telephone Privacy Law alone. Thank you, Venus Hensley
